Choose any one of the following projects:

1) Develop the Ludo game from scratch. Develop it for just two players on the standard Ludo board. An example is given below:

2) Develop the Snake & Ladder game from scratch. Develop it for just two players on the standard Snake & Ladder board. An example is given below:

Instructions:

1) Only two students per group.
2) Start Early.
3) Your User Interface should be like that of the Ludo Master app.
4) Ensure that all the rules present in the Ludo Master app for these games are present in your game as well.
